NOTE: Each student will meet with their DAC at least once each academic year. Two weeks before the annual review meeting, the student will fill out an annual review form, write a short research paper, and submit both to their committee members. The annual meeting will include a private oral presentation at which the student will give a short summary of their research and their goals for the coming year. There will be a short question and answer period, followed by a closed session, where the committee will discuss the student's progress. The chair of the DAC will write a report and submit it to GEC.

Annual DAC review meetings must be scheduled before the fifth week of Winter quarter and held by the end of Winter quarter.
